### Executive Summary

*Notice:*

- **Applicants are strongly encouraged to read the entire funding opportunity announcement (FOA) carefully and observe the application formatting requirements listed in *Section IV.2. Content and Form of Application Submission*. For more information on applying for grants, please visit "How to Apply for a Grant" on the ACF Grants Page at <https://www.acf.hhs.gov/grants/howto>.**

The purpose of this Funding Opportunity Announcement (FOA) is to develop and disseminate knowledge on utilizing text and chat-based capabilities for child maltreatment reporting and resource sharing. In doing this work, the grantee is required to: (1) determine best practices and protocols pertaining to the use of text and chat-based technology within the child abuse and neglect reporting context; (2) identify evidence-based and/or evidence-informed strategies for appropriate communication, identity verification, and privacy protection for youth who may be victims of maltreatment; and (3) develop strategies for successfully sharing resources with both youth who may be experiencing maltreatment and those seeking to prevent child maltreatment. The protocols and strategies should be widely disseminated and applicable to national hotline environments. Applicants must possess the capacity to coordinate with hotlines administered by the Administration for Children and Families (ACF) such as the National Domestic Violence Hotline (NDVH) and the National Human Trafficking Hotline (NHTH). This grant will be for one 24-month project period.

### I. Program Description

#### Statutory Authority

Title I, Section 105(b)(5) of the Child Abuse Prevention and Treatment Act (42 U.S.C. 5106(b)(5)).

#### Description

ACF's mission is to foster health and well-being by providing federal leadership, partnership,

and resources for the compassionate and effective delivery of human services. Within ACF, the Children's Bureau (CB) plans, manages, coordinates, and supports child abuse and neglect prevention and child welfare services programs. For many decades, CB has funded discretionary grant projects through the Child Abuse Prevention and Treatment Act in a variety of topical areas. This funding supports a broad array of activities, including research and demonstration projects on the causes, prevention, identification, assessment and treatment of child abuse and neglect, and the development and implementation of evidence-based and/or evidence-informed training programs. Grants are provided to state and local agencies and organizations as well as university- and hospital-affiliated programs.

Presently, child maltreatment reports primarily occur telephonically or by fax. In select jurisdictions, reports are taken electronically via web portals. As technology and modes of communication continue to rapidly evolve, CB seeks to explore the ways in which additional communication platforms can be used to support child maltreatment prevention, detection, and reporting. However, there is insufficient knowledge regarding evidence-based and/or evidence-informed and appropriate use of text and chat-based intervention and education services for child maltreatment victims and concerned adults. Therefore, there is a need to build evidence on what is evidence-based and/or evidence-informed practice relative to the use of text and chat-based technology in a child maltreatment hotline reporting context.

Suicide prevention, domestic and sexual violence national hotlines have recently instituted the use of text and chat-based technology. Their preliminary results indicate that since adding text and chat capabilities, visibility, accessibility, and utilization rates have increased amongst teens and young adults. The technology, however, increased wait times and presented unique challenges in terms of rapport building. While these lessons learned are important, child welfare is uniquely situated and requires further exploration to discern how these technologies can be adapted to reflect child maltreatment reporting and tracking requirements across the United States.

## **PROJECT REQUIREMENTS**

### **Program Activities**

The purpose of this FOA is to develop and disseminate knowledge on utilizing text and chat-based capabilities for child maltreatment reporting and resource sharing. In order to achieve this goal, it is expected that the project funded under this opportunity will complete the following:

1. Identify evidence-based and/or evidence-informed strategies to communicate and offer resources and support to youth who may be victims of maltreatment via their preferred mode of communication, chat and text, and to others seeking to support victims of child maltreatment. Support services may include opportunities to connect youth or children with services or resources to prevent initial or future maltreatment. The identified strategies should take into consideration any challenges that may impede child maltreatment reporting and resource sharing on a national level as well as the variance in child abuse reporting laws and protocols across the nation.
2. Establish identity verification and confidentiality safeguards to protect personally identifiable information of all individuals reporting concerns or allegations of child maltreatment.
3. Establish an advisory committee to support the successful completion of project goals.

The advisory committee should consist of a diverse array of stakeholders including but not limited to relevant hotline operators, child welfare agencies, mandated reporters, and youth to advise the creation and feasibility/applicability of protocols and other products designed to support the goal of this project.

4. Coordinate with other hotlines administered by ACF, such as the NDVH and the NHTH, in order to exchange knowledge on best practices for using text and chat-based referral technology on a national level.
5. Create products that would increase the knowledge of the field regarding evidence-based and/or evidence-informed text-based and chat-based intervention and education services for child abuse victims, concerned adults, and child welfare agencies across the nation.
6. Disseminate knowledge gained from this project to key stakeholders (e.g., hotline operators, child welfare agencies, mandated reporters, and youth) via topical briefs and peer networking events to help promote innovation in the field. At a minimum, the topical briefs should focus on appropriate communication, and identify verification, privacy protection, resource sharing, and any other challenges that may impact the ability to utilize chat and text-based functions when reporting or seeking resources regarding child maltreatment.

Program activities will also include participation in an orientation meeting in Washington, D.C., within 30 days of the grant award. The project director, evaluator, and/or other key staff will be expected to attend this meeting.

### **Evaluation**

The grantee will conduct an evaluation to assess the successful completion of the project activities and requirements. In evaluating the project, at a minimum, grantees must assess the following:

- What is evidence-based, evidence-informed, and/or best practice relative to the use of text and chat-based technology in a child abuse hotline environment;
- The extent to which the advisory council was involved in achieving the goals of the project;
- The extent to which the products were disseminated to relevant stakeholders; and
- The level of coordination with other hotlines administered by ACF.

### **Dissemination**

CB expects that the information and knowledge generated by this project will be summarized or synthesized and successfully shared broadly within the field of child welfare. The grantee is expected to disseminate strategically and incorporate dissemination activities into their work, to include the integration of project knowledge into policy and practice. The protocols and strategies should be widely disseminated and applicable to national hotline environments. The grantee will evaluate the project deliverables' ability to enhance the knowledge in the field regarding effective and appropriate text and chat-based intervention for child maltreatment victims and concerned adults.

Throughout the course of the project, the grantee will be expected to complete the following activities:

- Produce detailed procedures, materials, and other products based on the project results;
- Produce a high-quality, comprehensive, final report suitable for archiving in the CB Discretionary Grant Library, see [https://library.childwelfare.gov/cbgrants/ws/library/docs/cb\\_grants/GrantHome](https://library.childwelfare.gov/cbgrants/ws/library/docs/cb_grants/GrantHome); and
- Ensure publications and websites are accessible. Although not required, applicants are strongly encouraged to consider using Section 508 standards to ensure accessibility.

## II. Federal Award Information

Funding Instrument Type:	Grant
Estimated Total Funding:	\$1,000,000
Expected Number of Awards:	1
Award Ceiling:	\$1,000,000 Per Project Period
Award Floor:	\$500,000 Per Project Period
Average Projected Award Amount:	\$1,000,000 Per Project Period
Anticipated Project Start Date:	09/30/2018

### Length of Project Periods:

Length of Project Period: Other  
 This project will consist of one 24-month project and budget period.

### Additional Information on Awards:

**Awards made under this announcement are subject to the availability of federal funds.**

Applications requesting an award amount that exceeds the *Award Ceiling* per budget period, or per project period, as stated in this section, will be disqualified from competitive review and from funding under this announcement. This disqualification applies only to the *Award Ceiling* listed for the first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the *Award Ceiling* listed for the project period. Please see *Section III.3. Other, Application Disqualification Factors*.

**Note:** For those programs that require matching or cost sharing, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period or by project period for fully funded awards, even if the projected commitment exceeds the required amount of match or cost share. **A recipient's failure to provide the required matching amount may result in the disallowance of federal funds.** See *Section III.2.* of this announcement for information on cost-sharing or matching requirements.

## III. Eligibility Information

### III.1. Eligible Applicants

Per the statute, "The Secretary may make grants to, and enter into contracts with, entities that are states, Indian tribes or tribal organizations, or public agencies or private agencies or organizations (or combinations of such entities)..." (42 U.S.C. 5106(a)).

CB will accept applications that represent partnerships among organizations with relevant experience. Applicants may subcontract with organizations specializing in their assigned tasks. Applications from collaborations must identify a primary applicant responsible for administering the cooperative agreement.

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement. See *Section III.3. Other, Application Disqualification Factors*.

Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement.

See *Section IV.2. Legal Status of Applicant Entity* for documentation required to support eligibility.

### III.2. Cost Sharing or Matching

Cost Sharing / Matching Requirement: No

**For all federal awards**, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the criteria listed in 45 CFR 75.306.

**For awards that require matching by statute**, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards, even if the projected commitment exceeds the amount required by the statutory match. **A recipient's failure to provide the statutorily required matching amount may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

**For awards that do not require matching or cost sharing by statute**, where "cost sharing" refers to any situation in which the recipient voluntarily shares in the costs of a project other than as statutorily required matching, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards. These include situations in which contributions are voluntarily proposed by an applicant and are accepted by ACF. Non-federal cost sharing will be included in the approved project budget so that the applicant will be held accountable for proposed non-federal cost-sharing funds as shown in the Notice of Award (NOA). **A recipient's failure to provide voluntary cost sharing of non-federal resources that have been accepted by ACF as part of the approved project costs and that have been shown as part of the approved project budget in the NOA, may result in the disallowance**

of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.

### III.3. Other

#### **Application Disqualification Factors**

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

#### **Award Ceiling Disqualification**

Applications that request an award amount that exceeds the *Award Ceiling* per budget period or per project period ("per project period" refers only to fully funded awards), as stated in *Section II. Federal Award Information*, will be disqualified from competitive review and from funding under this announcement. This disqualification applies only to the *Award Ceiling* listed for first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the *Award Ceiling* listed for the project period.

#### **Required Electronic Application Submission**

ACF requires electronic submission of applications at [www.Grants.gov](http://www.Grants.gov). **Paper applications received from applicants that have not been approved for an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.**

Applicants that do not have an Internet connection or sufficient computing capacity to upload large documents to the Internet may contact ACF for an exemption that will allow the applicant to submit applications in paper format. Information and the requirements for requesting an exemption from required electronic application submission are found in "ACF Policy for Requesting an Exemption from Electronic Application Submission" at [www.acf.hhs.gov/grants/howto#chapter-6](http://www.acf.hhs.gov/grants/howto#chapter-6).

#### **Missing the Application Deadline (Late Applications)**

**The deadline for electronic application submission is 11:59 p.m., ET, on the due date listed in the Overview and in Section IV.4. Submission Dates and Times.** Electronic applications submitted to [www.Grants.gov](http://www.Grants.gov) after 11:59 p.m., ET, on the due date, as indicated by a dated and time-stamped email from [www.Grants.gov](http://www.Grants.gov), will be disqualified from competitive review and from funding under this announcement. That is, applications submitted to [www.Grants.gov](http://www.Grants.gov), on or after 12:00 a.m., ET, on the day after the due date will be disqualified from competitive review and from funding under this announcement.

Applications submitted to [www.Grants.gov](http://www.Grants.gov) at any time during the open application period, and

prior to the due date and time, which fail the [www.Grants.gov](http://www.Grants.gov) validation check, will not be received at, or acknowledged by, ACF.

Each time an application is submitted via [www.Grants.gov](http://www.Grants.gov), the submission will generate a new date and time-stamp email notification. Only those applications with on-time date and time stamps that result in a validated application, which is transmitted to ACF, will be acknowledged.

**The deadline for receipt of paper applications is 4:30 p.m., ET, on the due date listed in the *Overview* and in *Section IV.4. Submission Dates and Times*.** Paper applications received after 4:30 p.m., ET, on the due date will be disqualified from competitive review and from funding under this announcement. **Paper applications received from applicants that have not received approval of an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.**

#### **Notification of Application Disqualification**

Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this FOA.

## **IV. Application and Submission Information**

### **IV.1. Address to Request Application Package**

CB Operations Center

#### **Electronic Application Submission:**

The electronic application submission package is available in the FOA's listing at [www.Grants.gov](http://www.Grants.gov).

#### **Applications in Paper Format:**

For applicants that have received an exemption to submit applications in paper format, Standard Forms, assurances, and certifications are available in the Application Forms Package available in the FOA's Grants.gov Synopsis under the Package tab at [www.Grants.gov](http://www.Grants.gov). See *Section IV.2. Request an Exemption from Required Electronic Application Submission* if applicants do not have an Internet connection or sufficient computing capacity to upload large documents (files) to [www.Grants.gov](http://www.Grants.gov).

#### **Federal Relay Service:**

Hearing-impaired and speech-impaired callers may contact the Federal Relay Service

(FedRelay) for assistance at [www.gsa.gov/fedrelay](http://www.gsa.gov/fedrelay).

## IV.2. Content and Form of Application Submission

### FORMATTING APPLICATION SUBMISSIONS

Each applicant applying electronically via [www.Grants.gov](http://www.Grants.gov) is required to upload only two electronic files, excluding Standard Forms and OMB-approved forms. No more than two files will be accepted for the review, and additional files will be removed. Standard Forms and OMB-approved forms will not be considered additional files.

#### **FOR ALL APPLICATIONS:**

#### **Authorized Organizational Representative (AOR)**

AOR is the designated representative of the applicant/recipient organization with authority to act on the organization's behalf in matters related to the award and administration of grants. In signing a grant application, this individual agrees that the organization will assume the obligations imposed by applicable Federal statutes and regulations and other terms and conditions of the award, including any assurances, if a grant is awarded.

#### **Point of Contact**

In addition to the AOR, a point of contact on matters involving the application must also be identified. The point of contact, known as the Project Director or Principal Investigator, should not be identical to the person identified as the AOR. The point of contact must be available to answer any questions pertaining to the application.

#### **Application Checklist**

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials.

#### **Accepted Font Style**

Applications must be in Times New Roman (TNR), 12-point font, except for footnotes, which may be TNR 10-point font. Pages that contain blurred text, or text that is too small to read comfortably, will be removed.

#### **English Language**

Applications must be submitted in the English language and must be in the terms of United States (U.S.) dollars. If applications are submitted using another currency, ACF will convert the foreign currency to U.S. currency using the date of receipt of the application to determine the rate of exchange.

#### **Page Limitations**

Applicants must observe the page limitation(s) listed under "PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:". *Page limitation(s) do not include SFs and OMB-approved forms.*

**All applications must be double-spaced.** An application that exceeds the cited page limitation

for double-spaced pages in the Project Description file or the Appendices file will have the last extra pages removed and the removed pages will not be reviewed.

### **Application Elements Exempted from Double-Spacing Requirements**

The following elements of the application submission are exempt from the double-spacing requirements and may be single-spaced: the table of contents, the one-page Project Summary/Abstract, required Assurances and Certifications, required SFs, required OMB-approved forms, resumes, logic models, proof of legal status/non-profit status, third-party agreements, letters of support, footnotes, tables, the line-item budget and/or the budget justification.

### **Adherence to FOA Formatting, Font, and Page Limitation Requirements**

Applications that fail to adhere to ACF's FOA formatting, font, and page limitation requirements will be adjusted by the removal of page(s) from the application. Pages will be removed before the objective review. The removed page(s) will not be made available to reviewers.

Applications that have more than one scanned page of a document on a single page will have the page(s) removed from the review.

For applicants that submit paper applications, double-sided pages will be counted as two pages. When the maximum allowed number of pages is reached, excess pages will be removed and will not be made available to reviewers.

**NOTE:** Applicants failing to adhere to ACF's FOA formatting, font, and page limitation requirements will receive a letter from ACF notifying them that their application was amended. The letter will be sent after awards have been issued and will specify the reason(s) for removal of page(s).

### **Corrections/Updates to Submitted Applications**

When applicants make revisions to a previously submitted application, ACF will accept only the last on-time application for pre-review under the Application Disqualification Factors. The Application Disqualification Factors determine the application's acceptance for competitive review. See *Section III.3. Application Disqualification Factors* and *Section IV.2. Application Submission Options*.

### **Copies Required**

Applicants must submit one complete copy of the application package electronically. Applicants submitting electronic applications need not provide additional copies of their application package.

Applicants submitting applications in paper format must submit one original and two copies of the complete application, including all Standard Forms and OMB-approved forms. The original copy must have original signatures.

### **Signatures**

Applicants submitting electronic applications must follow the registration and application submission instructions provided at [www.Grants.gov](http://www.Grants.gov).

The original of a paper format application must include original signatures of the authorized representatives.

### **Accepted Application Format**

With the exception of the required Standard Forms (SFs) and OMB-approved forms, all application materials must be formatted so that they are 8 ½" x 11" white paper with 1-inch margins all around.

If possible, applicants are encouraged to include page numbers for each page within the application.

ACF generally does not encourage submission of scanned documents as they tend to have reduced clarity and readability. If documents must be scanned, the font size on any scanned documents must be large enough so that it is readable. Documents must be scanned page-for-page, meaning that applicants may not scan more than one page of a document onto a single page. All pages of the application must be readable. Pages with blurred text will be removed from the application.

### **PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:**

With the exception of Standard Forms (SFs) and OMB-approved forms, the application submission is **limited to 75 pages** in its entirety. The two files applicants must submit are:

The Project Description file must include these items in this order:

1. Table of Contents
2. Abstract
3. Objectives and Need for Assistance
4. Approach
5. Evaluation
6. Organizational Capacity
7. Line Item Budget and Budget Justification

The Appendices file must include these items in this order:

1. Certifications and Assurances
2. Proof of Legal Status (if applicable)
3. Third-party agreements
4. Staff and Position Data (e.g., resumes, job descriptions, organizational charts)

## 5. Indirect Cost Rate Letter (if applicable)

### **ELECTRONIC APPLICATION SUBMISSION INSTRUCTIONS**

Applicants are required to submit their applications electronically unless they have requested and received an exemption that will allow submission in paper format. See *Section IV.2. Application Submission Options* for information about requesting an exemption.

Electronic applications will only be accepted via [www.Grants.gov](http://www.Grants.gov). **ACF will not accept applications submitted via email or via facsimile.**

**Each applicant is required to upload ONLY two electronic files, excluding SFs and OMB-approved forms.**

**File One:** Must contain the entire Project Description, and the Budget and Budget Justification (including a line-item budget and a budget narrative).

**File Two:** Must contain all documents required in the Appendices.

#### **Adherence to the Two-File Requirement**

No more than two files will be accepted for the review. Applications with additional files will be amended and files will be removed from the review. SFs and OMB-approved forms will not be considered additional files.

#### **Application Upload Requirements**

ACF strongly recommends that electronic applications be uploaded as Portable Document Files (PDFs). One file must contain the entire Project Description and Budget Justification; the other file must contain all documents required in the Appendices. Details on the content of each of the two files, as well as page limitations, are listed earlier in this section.

To adhere to the two-file requirement, applicants may need to convert and/or merge documents together using a PDF converter software. Many recent versions of Microsoft Office include the ability to save documents to the PDF format without need of additional software. Applicants using the Adobe Professional software suite will be able to merge these documents together. ACF recommends merging documents electronically rather than scanning multiple documents into one document manually, as scanned documents may have reduced clarity and readability.

Applicants must ensure that the version of Adobe Professional they are using is compatible with Grants.gov. To verify Adobe software compatibility please go to Grants.gov and click on “Support” at the top bar menu and select “Adobe Software Compatibility”, which is listed under the topic “Online Answers.” The Adobe verification process allows applicants to test their version of the software by opening a test application package. Grant.gov also includes guidance on how to download a supported version of Adobe, as well as troubleshooting instructions if an applicant is unable to open the test application package.

The Adobe Software Compatibility page located on Grants.gov also provides guidance for applicants that have received error messages while attempting to save an application package. It

also addresses local network and/or computer security settings and the impact this has on use of Adobe software.

### **Required Standard Forms (SFs) and OMB-approved Forms**

Standard Forms (SFs) and OMB-approved forms, such as the SF-424 application and budget forms and the SF-P/PSL (Project/Performance Site Location), are uploaded separately at Grants.gov. These forms are submitted separately from the Project Description and Appendices files. See *Section IV.2. Required Forms, Assurances, and Certifications* for the listing of required Standard Forms, OMB-approved forms, and required assurances and certifications.

### **Naming Application Submission Files**

**Carefully observe the file naming conventions required by [www.Grants.gov](http://www.Grants.gov). Limit file names to 50 characters (characters and spaces).** Special characters that are allowed under Grants.gov's naming conventions, and are accommodated by ACF's systems, are listed in the instructions available in the Download Application Package at Grants.gov. Please also see <https://www.grants.gov/web/grants/applicants/submitting-utf-8-special-characters.html>.

### **Use only file formats supported by ACF**

It is critical that applicants submit applications using only the supported file formats listed here. While ACF supports all of the following file formats, **we strongly recommend that the two application submission files (Project Description and Appendices) are uploaded as PDF documents in order to comply with the two file upload limitation.** Documents in file formats that are not supported by ACF will be removed from the application and will not be used in the competitive review. This may make the application incomplete and ACF will not make any awards based on an incomplete application.

### **ACF supports the following file formats:**

- Adobe PDF – Portable Document Format (.pdf)
- Microsoft Word (.doc or .docx)
- Microsoft Excel (.xls or .xlsx)
- Microsoft PowerPoint (.ppt)
- Corel WordPerfect (.wpd)
- Image Formats (.JPG, .GIF, .TIFF, or .BMP only)

### **Do Not Encrypt or Password-Protect the Electronic Application Files**

If ACF cannot access submitted electronic files because they are encrypted or password protected, the affected file will be removed from the application and will not be reviewed. This removal may make the application incomplete and ACF will not make awards based on an incomplete application.

### **FORMATTING FOR PAPER APPLICATION SUBMISSIONS:**

The following requirements are only applicable to applications submitted in paper format. Applicants must receive an exemption from ACF in order for a paper format application to be accepted for review. For more information on the exemption, see "*ACF Policy on Requesting an*

Exemption from Required Electronic Application Submission" at [www.acf.hhs.gov/grants/howto#chapter-6](http://www.acf.hhs.gov/grants/howto#chapter-6)

**Format Requirements for Paper Applications**

All copies of mailed or hand-delivered paper applications must be submitted in a single package. If an applicant is submitting multiple applications under a single FOA, or multiple applications under separate FOAs, each application submission must be packaged separately. The package(s) must be clearly labeled for the specific FOA it addresses by FOA title and by Funding Opportunity Number (FON).

Applicants using paper format should download the application forms package associated with the FOA's Synopsis on [www.Grants.gov](http://www.Grants.gov) under the Package tab.

Because each application will be duplicated, do not use or include separate covers, binders, clips, tabs, plastic inserts, maps, brochures, or any other items that cannot be processed easily on a photocopy machine with an automatic feed. Do not bind, clip, staple, or fasten in any way separate sections of the application. Applicants are advised that the copies of the application submitted, not the original, will be reproduced by the federal government for review. **All application materials must be one-sided for duplication purposes. All pages in the application submission must be sequentially numbered.**

**Addresses for Submission of Paper Applications**

See *Section IV.7. Other Submission Requirements* for addresses for paper format application submissions.

**Required Forms, Assurances, and Certifications**

**Applicants seeking grant or cooperative agreement awards under this announcement must submit the listed Standard Forms (SFs), assurances, and certifications with the application.** All required Standard Forms, assurances, and certifications are available in the Application Package posted for this FOA at [www.Grants.gov](http://www.Grants.gov).

SF-424 Key Contact Form	Submission is required for all applicants by the application due date.	Required for all applications.

**Mandatory Grant Disclosure**

Submission is required for all applicants and recipients, in writing, to the awarding agency and to the HHS Office of the Inspector General (OIG) all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. (Mandatory Disclosures, 45 CFR 75.113)

Disclosures must be sent in writing to:

The Administration for Children and Families, U.S. Department of Health and Human Services, Office of Grants Management, ATTN: Grants Management Specialist, 330 C Street, SW., Switzer Building, Corridor 3200, Washington, DC 20201

**And to:**

U.S. Department of Health and Human Services, Office of Inspector General, ATTN: Mandatory Grant Disclosures, Intake Coordinator, 330 Independence Avenue, SW., Cohen Building, Room 5527, Washington, DC 20201

**Fax:** (202) 205-0604 (Include “Mandatory Grant Disclosures” in subject line) or

**Email:** [MandatoryGranteeDisclosures@oig.hhs.gov](mailto:MandatoryGranteeDisclosures@oig.hhs.gov)

**Non-Federal Reviewers**

Since ACF will be using non-federal reviewers in the review process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget as well as Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information. If applicants are submitting their application electronically, ACF will omit the same specific salary rate information from copies made for use during the review and selection process.

**The Project Description**

**The Project Description Overview**

**Purpose**

The project description provides the majority of information by which an application is evaluated and ranked in competition with other applications for available assistance. It should address the activity for which federal funds are being requested, and should be consistent with the goals and objectives of the program as described in *Section I. Program Description*. Supporting documents should be included where they can present information clearly and succinctly. When appropriate, applicants should cite the evaluation criteria that are relevant to specific components of their project description. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

### **General Expectations and Instructions**

Applicants should develop project descriptions that focus on outcomes and convey strategies for achieving intended performance. Project descriptions are evaluated on the basis of substance and measurable outcomes, not length. Extensive exhibits are not required. Cross-referencing should be used rather than repetition. Supporting information concerning activities that will not be directly funded by the grant or information that does not directly pertain to an integral part of the grant-funded activity should be placed in an appendix.

### **General Instructions for Preparing a Full Project Description**

#### **Introduction**

Applicants must prepare the project description statement in accordance with the following instructions while being aware of the specified evaluation criteria in *Section V.1. Criteria*. The text options give a broad overview of what the project description should include while the evaluation criteria identify the measures that will be used to evaluate applications.

#### **Table of Contents**

List the contents of the application including corresponding page numbers. The table of contents must be single spaced and will be counted against the total page limitations.

#### **Project Summary/Abstract**

Provide a summary of the application's project description. The summary must be clear, accurate, concise, and without reference to other parts of the application. The abstract must include a brief description of the proposed grant project including the needs to be addressed, the proposed services, and the population group(s) to be served.

Please place the following at the top of the abstract:

- Project Title
- Applicant Name
- Address
- Contact Phone Numbers (Voice, Fax)
- E-Mail Address
- Web Site Address, if applicable

The project abstract must be single-spaced, in Times New Roman 12-point font, and limited to

one page in length. Additional pages will be removed and will not be reviewed.

### **Objectives And Need For Assistance**

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance including the nature and scope of the problem must be demonstrated, and the principal and subordinate objectives of the project must be clearly and concisely stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as well as data describing the needs of the target population and the proposed service area as needed. When appropriate, a literature review should be used to support the objectives and needs described in this section.

### **Approach**

Outline a plan of action that describes the scope and detail of how the proposed project will be accomplished. Applicants must account for all functions or activities identified in the application. Describe any design or technological innovations, reductions in cost or time, or extraordinary social and/or community involvement in the project. Provide a list of organizations, cooperating entities, consultants, or other key individuals that will work on the project, along with a short description of the nature of their effort or contribution.

Cite potential obstacles and challenges to accomplishing project goals and explain strategies that will be used to address these challenges.

The applicant must describe their planned approach to enhancing and disseminating the evidence pertaining to the use of text and chat-based technology in a child maltreatment hotline environment. The design of the proposed project should reflect up-to-date knowledge from the research literature on known evidence-based, evidence-informed, and/or best practices for operating hotlines. The literature review and project design should also focus on best practices for engaging youth and providing information and referrals to services or resources, including those that could prevent initial or future child maltreatment. In describing their plan, the applicant should demonstrate a technical understanding of using text and chat-based technology in a hotline environment. In addition, the applicant must present an approach to exploring the issues and solutions to establishing identity verification and confidentiality safeguards to protect personally identifiable information of all individuals reporting concerns or allegations of child maltreatment.

The design should also build on current theory, research, evaluation, and best practice that will assist in preventing, detecting, and reporting child maltreatment. The applicant must address the ways in which they will address any challenges that may impede child maltreatment reporting and resource sharing on a national level, and variance in child abuse reporting laws and protocols across the nation. The applicant should describe how they intend to coordinate with other hotlines administered by ACF, such as the NDVH and the NHTH, in order to exchange knowledge on best practices for using text and chat-based referral technology on a national level.

The applicant should describe how they will develop products and provide information on

strategies used and the outcomes achieved that would support evidence-based and/or evidence-informed improvements in the field. At a minimum, the description should include a plan for developing topical briefs that focus on appropriate communication, identify verification, privacy protection, and resource sharing and any other challenges that may impact the ability to utilize chat and text-based functions when reporting or seeking resources regarding child maltreatment. The product development plan must include a schedule for developing these products that is appropriate in scope and budget.

Finally, the applicant must explain their plan for establishing an advisory committee, which should include how they will engage key stakeholders (e.g., hotline operators, child welfare agencies, mandated reporters, and youth) throughout the duration of this project. At a minimum, the plan must explain how key stakeholders will advise the creation and effectiveness of protocols and other products.

### **Project Timeline and Milestones**

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function, or activity, in such terms as the number of people to be served and the number of activities accomplished. Data may be organized and presented as project tasks and subtasks with their corresponding timelines during the project period. For example, each project task could be assigned to a row in the first column of a grid. Then, a unit of time could be assigned to each subsequent column, beginning with the first unit (i.e., week, month, quarter) of the project and ending with the last. Shading, arrows, or other markings could be used across the applicable grid boxes or cells, representing units of time, to indicate the approximate duration and/or frequency of each task and its start and end dates within the project period.

When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

### **Program Performance Evaluation Plan**

Applicants must describe the plan for the program performance evaluation that will contribute to continuous quality improvement. The program performance evaluation should monitor ongoing processes and the progress towards the goals and objectives of the project. Include descriptions of the inputs (e.g., organizational profile, collaborative partners, key staff, budget, and other resources), key processes, and expected outcomes of the funded activities. The plan may be supported by a logic model and must explain how the inputs, processes and outcomes will be measured, and how the resulting information will be used to inform improvement of funded activities.

Applicants must describe the systems and processes that will support the organization's performance management requirements through effective tracking of performance outcomes, including a description of how the organization will collect and manage data (e.g. assigned skilled staff, data management software) in a way that allows for accurate and timely reporting of performance outcomes. Applicants must describe any potential obstacles for implementing the program performance evaluation and how those obstacles will be addressed.

Applicants must also present a plan to assess: (1) what is effective practice relative to the use of text and chat-based technology in a child abuse hotline environment, (2) the extent to which the advisory council was involved in achieving the goals of the project, (3) the extent to which the

products were disseminated to relevant stakeholders, and (4) the level of coordination with other hotlines administered by ACF.

### **Geographic Location**

Describe the precise location of the project and boundaries of the area to be served by the proposed project.

### **Legal Status of Applicant Entity**

Applicants must provide the following documentation:

Non-profit organizations applying for funding are required to submit proof of their non-profit status. Proof of non-profit status is any one of the following:

- A reference to the applicant organization's listing in the IRS's most recent list of tax-exempt organizations described in the IRS Code.
- A copy of a currently valid IRS tax-exemption certificate.
- A statement from a state taxing body, state attorney general, or other appropriate state official certifying that the applicant organization has non-profit status and that none of the net earnings accrue to any private shareholders or individuals.
- A certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status.
- Any of the items in the subparagraphs immediately above for a state or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

Unless directed otherwise, applicants must include proof of non-profit status in the *Appendices* file of the electronic application submission.

### **Organizational Capacity**

Provide the following information on the applicant organization and, if applicable, on any cooperating partners:

- Organizational charts;
- Resumes (no more than two single-spaced pages in length);
- Curricula Vitae (CV);
- Biographical Sketches (short narrative description);
- Evidence that the applicant organization, and any partnering organizations, have relevant experience and expertise with administration, development, implementation, management, and evaluation of programs similar to that offered under this announcement;
- Evidence that each participating organization, including partners and/or subcontractors, possess the organizational capability to fulfill their role(s) and function(s) effectively;
- Job descriptions for each vacant key position.

### **Protection of Sensitive and/or Confidential Information**

If any confidential or sensitive information will be collected during the course of the project,

whether from staff (e.g., background investigations) or project participants and/or project beneficiaries, provide a description of the methods that will be used to ensure that confidential and/or sensitive information is properly handled and safeguarded. Also provide a plan for the disposition of such information at the end of the project period.

### **Dissemination Plan**

Applicants must propose a plan to disseminate reports, products, and/or grant project outputs so that project information is provided to key target audiences. Dissemination plans must include:

- Dissemination goals and objectives;
- Strategies to identify and engage with target audiences;
- Allocation of sufficient staff time and budget for dissemination purposes;
- A preliminary plan to evaluate the extent to which target audiences have received project information and have used it as intended.

### **Third-Party Agreements**

Third-party agreements include Memoranda of Understanding (MOU) and Letters of Commitment. General letters of support are **not** considered to be third-party agreements. Third-party agreements must clearly describe the project activities and support to which the third party is committing. Third-party agreements must be signed by the person in the third-party organization with the authority to make such commitments on behalf of their organization.

Provide written and signed agreements between grantees and subgrantees, or subcontractors, or other cooperating entities. These agreements must detail the scope of work to be performed, work schedules, remuneration, and other terms and conditions that structure or define the relationship.

### **Letters of Support**

Provide statements from community, public, and commercial leaders that support the project proposed for funding. All submissions must be included in the application package.

### **Plan for Oversight of Federal Award Funds**

Provide a plan describing how oversight of federal funds will be ensured and how grant activities and partner(s) will adhere to applicable federal and programmatic regulations. Applicants must identify staff that will be responsible for maintaining oversight of program activities, staff, and partner(s). Applicants must describe procedures and policies used to oversee staff and/or partners/contractors.

Describe organizational records systems that relate financial data to performance data by identifying the source and application of federal funds so that they demonstrate effective control over and accountability for funds, compare outlays with budget amounts, and provide accounting records supported by source documentation.

### **The Project Budget and Budget Justification**

All applicants are required to submit a project budget and budget justification with their application. The project budget is entered on the Budget Information Standard Form, either SF-

424A or SF-424C, according to the directions provided with the SFs. The budget justification consists of a budget narrative and a line-item budget detail that includes detailed calculations for "object class categories" identified on the Budget Information Standard Form. Applicants must indicate the method they are selecting for their indirect cost rate. See Indirect Charges for further information.

Project budget calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. If matching or cost sharing is a requirement, applicants must include a detailed listing of any funding sources identified in Block 18 of the SF-424 (Application for Federal Assistance). See the table in *Section IV.2. Required Forms, Assurances, and Certifications* listing the appropriate budget forms to use in this application.

***Special Note:*** *The Consolidated Appropriations Act, 2018, (Division H, Title II, Sec. 202), limits the salary amount that may be awarded and charged to ACF grants and cooperative agreements. Award funds issued under this announcement may not be used to pay the salary of an individual at a rate in excess of Executive Level II. The Executive Level II salary of the "Rates of Pay for the Executive Schedule" is \$189,600. This amount reflects an individual's base salary exclusive of fringe benefits and any income that an individual may be permitted to earn outside of the duties of the applicant organization. This salary limitation also applies to subawards and subcontracts under an ACF grant or cooperative agreement.*

Provide a budget using the 424A and/or the 424C, as applicable, for the proposed project that is being fully funded (the budget period and the project period are the same). Provide a budget justification, which includes a budget narrative and a line-item detail, for the proposed project. The budget narrative should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

Applicants must allocate sufficient funds in their budgets to support required travel: a) within 3 months after the award, the project director, evaluator, and/or other key staff must attend an orientation meeting in Washington, D.C.; and b) the project director, the evaluator, and/or other key staff must attend the orientation meeting, usually held in the spring, in Washington, D.C.

Funds for evaluation must appear in the budget. Applicants must state the percentage of the total budget that will be allocated to evaluation. Applicants must provide a rationale showing that the budgeted amount is sufficient to conduct the proposed evaluation.

## **General**

Use the following guidelines for preparing the budget and budget justification. Both federal and non-federal resources (when required) shall be detailed and justified in the budget and budget narrative justification. "Federal resources" refers only to the ACF grant funds for which you are applying. "Non-federal resources" are all other non-ACF federal and non-federal resources. It is suggested that budget amounts and computations be presented in a columnar format: first column, object class categories; second column, federal budget; next column(s), non-federal budget(s); and last column, total budget. The budget justification should be in a narrative form.

## **Personnel**

**Description:** Costs of employee salaries and wages.

**Justification:** Identify the project director or principal investigator, if known at the time of application. For each staff person provide: the title; time commitment to the project in months; time commitment to the project as a percentage or full-time equivalent; annual salary; grant salary; wage rates; etc. Do not include the costs of consultants, personnel costs of delegate agencies, or of specific project(s) and/or businesses to be financed by the applicant. Contractors and consultants should not be placed under this category.

## **Fringe Benefits**

**Description:** Costs of employee fringe benefits unless treated as part of an approved indirect cost rate.

**Justification:** Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act (FICA) taxes, retirement insurance, and taxes.

## **Travel**

**Description:** Costs of out-of-state or overnight project-related travel by employees of the applicant organization. Do not include in-state travel or consultant travel.

**Justification:** For each trip show the total number of traveler(s); travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used to travel out of town; and other transportation costs and subsistence allowances. If appropriate for this project, travel costs for key project staff to attend ACF-sponsored workshops/conferences/grantee orientations should be detailed in the budget.

## **Equipment**

**Description:** "Equipment" means an article of nonexpendable, tangible personal property having a useful life of more than one year per unit and an acquisition cost that equals or exceeds the lesser of: (a) the capitalization level established by the organization for the financial statement purposes, or (b) \$5,000. (Note: Acquisition cost means the net invoice unit price of an item of equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance, freight, and installation, shall be included in or excluded from acquisition cost in accordance with the applicant organization's regular written accounting practices.)

**Justification:** For each type of equipment requested applicants must provide a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use of the equipment in the project; as well as a plan for the use, and/or disposal of, the equipment after the project ends. An applicant organization that uses its own definition for equipment should provide a copy of its policy, or section of its policy, that includes the equipment definition.

## **Supplies**

**Description:** Costs of all tangible personal property other than that included under the Equipment category. This includes office and other consumable supplies with a per-unit cost of less than \$5,000.

**Justification:** Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

### **Contractual**

**Description:** Costs of all contracts for services and goods except for those that belong under other categories such as equipment, supplies, construction, etc. Include third-party evaluation contracts, if applicable, and contracts with secondary recipient organizations (with budget detail), including delegate agencies and specific project(s) and/or businesses to be financed by the applicant. This area is not for individual consultants.

**Justification:** Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Recipients and subrecipients are required to use 45 CFR 75.328 procedures and must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the simplified acquisition threshold fixed by 41 U.S.C. § 134, as amended by 2 CFR Part 200.88, and currently set at \$150,000. Recipients may be required to make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., available to ACF.

**Note:** Whenever the applicant intends to delegate part of the project to another agency, the applicant must provide a detailed budget and budget narrative for each contractor/sub-contractor, by agency title, along with the same supporting information referred to in these instructions. If the applicant plans to select the contractors/sub-contractors post-award and a detailed budget is not available at the time of application, the applicant must provide information on the nature of the work to be delegated, the estimated costs, and the process for selecting the delegate agency.

### **Other**

**Description:** Enter the total of all other costs. Such costs, where applicable and appropriate, may include but are not limited to: consultant costs, local travel; insurance; food (when allowable); medical and dental costs (noncontractual); professional services costs (including audit charges); space and equipment rentals; printing and publication; computer use; training costs, such as tuition and stipends; staff development costs; and administrative costs.

**Justification:** Provide computations, a narrative description, and a justification for each cost under this category.

### **Indirect Charges**

**Description:** Total amount of indirect costs. This category has one of two methods that an applicant can select. An applicant may only select one.

- 1) The applicant currently has an indirect cost rate approved by the Department of Health

and Human Services (HHS) or another cognizant federal agency.

Note: An applicant must enclose a copy of the current approved rate agreement. If the applicant is requesting a rate that is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed.

2) Per 45 CFR § 75.414(f) Indirect (F&A) costs, “any non-Federal entity [i.e., applicant] that has never received a negotiated indirect costs rate, ... may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in § 75.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.”

**Justification:** This method only applies to applicants that have never received an approved negotiated indirect cost rate from HHS or another cognizant federal agency. Applicants awaiting approval of their indirect cost proposal may request the 10 percent de minimis rate. When the applicant chooses this method, costs included in the indirect cost pool must not be charged as direct costs to the grant.

#### **Commitment of Non-Federal Resources**

**Description:** Amounts of non-federal resources that will be used to support the project as identified in Block 18 of the SF-424.

**For all federal awards**, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient’s cost sharing or matching when such contributions meet all of the criteria listed in 45 CFR § 75.306.

**For awards that require matching by statute**, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards, even if the projected commitment exceeds the amount required by the statutory match. **A recipient’s failure to provide the statutorily required matching amount may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

**For awards that do not require matching or cost sharing by statute**, where “cost sharing” refers to any situation in which the recipient voluntarily shares in the costs of a project other than as statutorily required matching, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards. These include situations in which contributions are voluntarily proposed by an applicant and are accepted by ACF. Non-federal

cost sharing will be included in the approved project budget so that the applicant will be held accountable for proposed non-federal cost-sharing funds as shown in the Notice of Award (NOA). **A recipient's failure to provide voluntary cost sharing of non-federal resources that have been accepted by ACF as part of the approved project costs and that have been shown as part of the approved project budget in the NOA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

**Justification:** If an applicant is relying on match from a third party, then a firm commitment of these resources (letter(s) or other documentation) is required to be submitted with the application. Detailed budget information must be provided for every funding source identified in Item 18. "Estimated Funding (\$)" on the SF-424.

Applicants are required to fully identify and document in their applications the specific costs or contributions they propose in order to meet a matching requirement. Applicants are also required to provide documentation in their applications on the sources of funding or contribution(s). In-kind contributions must be accompanied by a justification of how the stated valuation was determined. Matching or cost sharing must be documented by budget period (or by project period for fully funded awards). **A recipient's failure to provide a statutorily required matching amount may result in the disallowance of federal funds.**

Applications that lack the required supporting documentation will not be disqualified from competitive review; however, it may impact an application's scoring under the evaluation criteria in *Section V.I.* of this announcement.

### **Paperwork Reduction Disclaimer**

As required by the Paperwork Reduction Act of 1995, 44 U.S.C. §§ 3501-3521, the public reporting burden for the Project Description and Budget/Budget Justification is estimated to average 60 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection information. The Project Description and Budget/Budget Justification information collection is approved under OMB control number 0970-0139, expiration date is 01/31/2019. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

## **Application Submission Options**

### **Electronic Submission via [www.Grants.gov](http://www.Grants.gov)**

This section provides the application submission and receipt instructions for ACF program applications. Please read the following instructions carefully and completely.

### **Electronic Delivery**

ACF is participating in the Grants.gov initiative to provide the grant community with a single site to find and apply for grant funding opportunities. ACF applicants are required to submit their

applications online through Grants.gov.

### **How to Register and Apply through Grants.gov**

Read the following instructions about registering to apply for ACF funds. Applicants should read the registration instructions carefully and prepare the information requested before beginning the registration process. Reviewing and assembling the required information before beginning the registration process will alleviate last-minute searches for required information.

The registration process can take up to four weeks to complete. Therefore, registration should be done in sufficient time to ensure it does not impact your ability to meet required application submission deadlines.

Organization applicants can find complete instructions here:

<https://www.grants.gov/web/grants/applicants/organization-registration.html>

**Obtain a DUNS Number:** All entities applying for funding, including renewal funding, must have a Data Universal Numbering System (DUNS) number from Dun & Bradstreet (D&B). Applicants must enter the DUNS number in the data entry field labeled "Organizations DUNS" on the SF-424 form.

For more detailed instructions for obtaining a DUNS number, refer to:

<https://www.grants.gov/web/grants/applicants/organization-registration/step-1-obtain-duns-number.html>

**Register with SAM:** In addition to having a DUNS number, organizations applying online through Grants.gov must register with the System for Award Management (SAM). All organizations must register with SAM in order to apply online. Failure to register with SAM will prevent your organization from applying through Grants.gov.

For more detailed instructions for registering with SAM, refer to:

<https://www.grants.gov/web/grants/applicants/organization-registration/step-2-register-with-sam.html>

**Create a Grants.gov Account:** The next step in the registration process is to create an account with Grants.gov. Applicants must know their organization's DUNS number to complete this process. Completing this process automatically triggers an email request for applicant roles to the organization's E-Business Point of Contact (EBiz POC) for review. The EBiz POC is a representative from your organization who is the contact listed for SAM. To apply for grants on behalf of your organization, you will need the AOR role.

For more detailed instructions about creating a profile on Grants.gov, refer to:

<https://www.grants.gov/web/grants/applicants/registration.html>

**Authorize Grants.gov Roles:** After creating an account on Grants.gov, the EBiz POC receives an email notifying them of your registration and request for roles. The EBiz POC will then log in to Grants.gov and authorize the appropriate roles, which may include the

AOR role, thereby giving you permission to complete and submit applications on behalf of your organization. You will be able to submit your application online any time after you have been approved as an AOR.

For more detailed instructions about creating a profile on Grants.gov. refer to:  
<https://www.grants.gov/web/grants/applicants/registration/authorize-roles.html>

**Track Role Status:** To track your role request, refer to:  
<https://www.grants.gov/web/grants/applicants/registration/track-role-status.html>

When applications are submitted through Grants.gov, the name of the organization's AOR that submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC must authorize individuals who are able to make legally binding commitment on behalf of the organization as an AOR; this step is often missed and it is crucial for valid and timely submissions.

### **How to Submit an Application to ACF via Grants.gov**

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different webforms within an application. For each FOA, you can create individual instances of a workspace.

The following is an overview of applying via Grants.gov. For access to complete instructions on how to apply for opportunities, refer to: <https://www.grants.gov/web/grants/applicants/apply-for-grants.html>

**Create a Workspace:** Creating a workspace allows you to complete an application online and route it through your organization for review before submitting.

**Complete a Workspace:** Add participants to the workspace, complete all the required forms, and check for errors before submission.

**Adobe Reader:** If you decide not to apply by filling out webforms you can download individual PDF forms in Workspace so that they will appear similar to other Standard or ACF forms. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drive(s), then accessed through Adobe Reader.

**NOTE:** Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at:

<https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>

**Mandatory Fields in Forms:** In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

**Complete SF-424 Fields First:** The forms are designed to fill in common required

fields across other forms, such as the applicant name, address, and DUNS number. To trigger this feature, an applicant must complete the SF-424 information first. Once it is completed, the information will transfer to the other forms.

***Submit a Workspace:*** An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application **at least 24-48 hours prior to the close date** to provide you with time to correct any potential technical issues that may disrupt the application submission.

***Track a Workspace:*** After successfully submitting a workspace package, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the package. The number will be listed on the Confirmation page that is generated after submission.

For additional training resources, including video tutorials, refer to:  
<https://www.grants.gov/web/grants/applicants/applicant-training.html>

Grants.gov provides applicants 24/7 support via the toll-free number 1-800-518-4726 and email at [support@grants.gov](mailto:support@grants.gov). For questions related to the specific grant opportunity, contact the number listed in the application package of the grant you are applying for.

If you are experiencing difficulties with your submission, it is best to call the Grants.gov Support Center and get a ticket number. The Support Center ticket number will assist ACF with tracking your issue and understanding background information on the issue.

### **Timely Receipt Requirements and Proof of Timely Submission**

All applications must be received by 11:59 p.m., ET, on the due date established for each program. Proof of timely submission is automatically recorded by Grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant AOR will receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of their application. Applicant AORs will also receive the official date/stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When ACF successfully retrieves the application from Grants.gov, and acknowledges the download of submission, Grants.gov will provide an electronic acknowledgment of receipt of the application to the email address of the applicant with the AOR role. Again, proof of timely submission shall be the official date and time that Grants.gov receives your application. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by ACF.

Applicants with slow internet, such as dial-up connections, should be aware that transmission can take some time before Grants.gov receives your application. Again, Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application.

### **Issues with Federal Systems**

For any systems issues experienced with Grants.gov or SAM.gov, please refer to ACF's "Policy for Applicants Experiencing Federal Systems Issues" document for complete guidance at [www.acf.hhs.gov/sites/default/files/assets/systems\\_issue\\_policy\\_final.pdf](http://www.acf.hhs.gov/sites/default/files/assets/systems_issue_policy_final.pdf).

### **Request an Exemption from Required Electronic Application Submission**

To request an exemption from required electronic submission please refer to ACF's "Policy for Requesting an Exemption from Required Electronic Application Submission" document for complete guidance at:

[https://www.acf.hhs.gov/sites/default/files/assets/acf\\_policy\\_for\\_requesting\\_an\\_exemption\\_from\\_required\\_electronic.pdf](https://www.acf.hhs.gov/sites/default/files/assets/acf_policy_for_requesting_an_exemption_from_required_electronic.pdf).

### **Paper Format Application Submission**

**An exemption is required for the submission of paper applications. See the preceding section on "*Request an Exemption from Required Electronic Application Submission.*"**

Applicants with exemptions that submit their applications in paper format, by mail or delivery, must submit one original and two copies of the complete application with all attachments. The original and each of the two copies must include all required forms, certifications, assurances, and appendices, be signed by the AOR, and be unbound. The original copy of the application must have original signature(s). See *Section IV.7.* of this announcement for address information for paper format application submissions. Applications submitted in paper format must be received by 4:30 p.m., ET, on the due date.

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials. Details concerning acknowledgment of received applications are available in *Section IV.4. Submission Dates and Times* in this announcement.

## **IV.3. Unique Entity Identifier and System for Award Management (SAM)**

All applicants must have a DUNS Number (<http://fedgov.dnb.com/webform>) and an active registration with the System for Award Management (SAM.gov/SAM, <https://www.sam.gov>).

Obtaining a DUNS Number may take 1 to 2 days.

All applicants are required to maintain an active SAM registration until the application process is complete. If a grant is awarded, registration at SAM must be active throughout the life of the award.

**Plan ahead. Allow at least 10 business days after you submit your registration for it to become active in SAM and at least an additional 24 hours before that registration information is available in other government systems, i.e. Grants.gov.**

This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application through Grants.gov or prevent the award of a grant. Applicants should maintain documentation (with dates) of your efforts to register for, or renew a registration, at SAM. User Guides are available under the “Help” tab at <https://www.sam.gov>.

HHS requires all entities that plan to apply for, and ultimately receive, federal grant funds from any HHS Agency, or receive subawards directly from recipients of those grant funds to:

- Be registered in the SAM prior to submitting an application or plan;
- Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV; and
- Provide its active DUNS number in each application or plan it submits to the OPDIV.

ACF is prohibited from making an award until an applicant has complied with these requirements. At the time an award is ready to be made, if the intended recipient has not complied with these requirements, ACF:

- May determine that the applicant is not qualified to receive an award; and
- May use that determination as a basis for making an award to another applicant.

#### **IV.4. Submission Dates and Times**

Due Date for Applications: **08/13/2018**

##### **Explanation of Due Dates**

The due date for receipt of applications is listed in the *Overview* section and in this section. See *Section III.3. Other, Application Disqualification Factors*.

##### **Electronic Applications**

The deadline for submission of electronic applications via [www.Grants.gov](http://www.Grants.gov) is 11:59 p.m., ET, on the due date. Electronic applications submitted at 12:00 a.m., ET, on the day after the due date will be considered late and will be disqualified from competitive review and from funding under this announcement.

Applicants are required to submit their applications electronically via [www.Grants.gov](http://www.Grants.gov) unless they received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

ACF does not accommodate transmission of applications by email or facsimile.

Instructions for electronic submission via [www.Grants.gov](http://www.Grants.gov) are available at: [www.grants.gov/web/grants/applicants/apply-for-grants.html](http://www.grants.gov/web/grants/applicants/apply-for-grants.html).

Applications submitted to [www.Grants.gov](http://www.Grants.gov) at any time during the open application period prior to the due date and time that fail the Grants.gov validation check will not be received at ACF. These applications will not be acknowledged.

### **Mailed Paper Format Applications**

The deadline for receipt of mailed, paper applications is 4:30 p.m., ET, on the due date. Mailed paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and from funding under this announcement.

Paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

### **Hand-Delivered Paper Format Applications**

Applications that are hand-delivered by applicants, applicant couriers, by overnight/express mail couriers, or other representatives of the applicant must be received on, or before, the due date listed in the *Overview* and in this section. These applications must be delivered between the hours of 8:00 a.m. and 4:30 p.m., ET, Monday through Friday (excluding federal holidays). Applications should be delivered to the address provided in *Section IV.7. Other Submission Requirements*.

Hand-delivered paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and from funding under this announcement.

Hand-delivered paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

### **No appeals will be considered for applications classified as late under the following circumstances:**

- Applications submitted electronically via [www.Grants.gov](http://www.Grants.gov) are considered late when they are dated and time-stamped after the deadline of 11:59 p.m., ET, on the due date.
- Paper format applications received by mail or hand-delivery after 4:30 p.m., ET, on the due date will be classified as late and will be disqualified.
- Paper format applications received from applicant organizations that were not approved for an exemption from required electronic application submission under the process described in *Section IV.2. Request an Exemption from Required Electronic Submission* will be disqualified.

### **Emergency Extensions**

ACF may extend an application due date when circumstances make it impossible for an applicant to submit their applications on time. Only events such as documented natural disasters (floods, hurricanes, tornados, etc.), or a verifiable widespread disruption of electrical service, or

mail service, will be considered. The determination to extend or waive the due date, and/or receipt time, requirements in an emergency situation rests with the Grants Management Officer listed as the Office of Grants Management Contact in *Section VII. HHS Awarding Agency Contact(s)*.

#### **Acknowledgement from [www.Grants.gov](http://www.Grants.gov)**

Applicants will receive an initial email upon submission of their application to [www.Grants.gov](http://www.Grants.gov). This email will provide a **Grants.gov Tracking Number**. Applicants should refer to this tracking number in all communication with Grants.gov. The email will also provide a **date and time stamp**, which serves as the official record of application's submission. Receipt of this email does not indicate that the application is accepted or that it has passed the validation check.

Applicants will also receive an email acknowledging that the received application is in the **Grants.gov validation process**, after which a third email is sent with the information that the submitted application package has passed, or failed, the series of checks and validations. Applications that are submitted on time that fail the validation check will not be transmitted to ACF and will not be acknowledged by ACF.

See "What to Expect After Submitting" at [www.Grants.gov](http://www.Grants.gov) for more information.

#### **Acknowledgement from ACF of an electronic application's submission:**

Applicants will be sent additional email(s) from ACF acknowledging that the application has been retrieved from [www.Grants.gov](http://www.Grants.gov) by ACF. Receipt of these emails is not an indication that the application is accepted for competition.

#### **Acknowledgement from ACF of receipt of a paper format application:**

ACF will not provide acknowledgement of receipt of hard copy application packages submitted via mail or courier services.

### **IV.5. Intergovernmental Review**

This program is not subject to Executive Order (E.O.) 12372, "Intergovernmental Review of Federal Programs," or 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." No action is required of applicants under this announcement with regard to E.O. 12372.

### **IV.6. Funding Restrictions**

Costs of organized fund raising, including financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses incurred to raise capital or obtain contributions are unallowable. Fund raising costs for the purposes of meeting the Federal program objectives are allowable with prior written approval from the Federal awarding agency. (45 CFR §75.442)

Proposal costs are the costs of preparing bids, proposals, or applications on potential Federal and non-Federal awards or projects, including the development of data necessary to support the non-Federal entity's bids or proposals. Proposal costs of the current accounting period of both successful and unsuccessful bids and proposals normally should be treated as indirect (F&A) costs and allocated currently to all activities of the non-Federal entity. No proposal costs of past accounting periods will be allocable to the current period. (45 CFR §75.460)

Grant awards will not allow reimbursement of pre-award costs.

Construction is not an allowable activity or expenditure under this grant award.

Purchase of real property is not an allowable activity or expenditure under this grant award.

## IV.7. Other Submission Requirements

## V. Application Review Information

### V.1. Criteria

**Please note:** With the exception of the funding opportunity announcement and relevant statutes and regulations, reviewers will not access, or review, any materials that are not part of the application documents. This includes information accessible on websites via hyperlinks that are referenced, or embedded, in the application. Though an application may include web links, or embedded hyperlinks, reviewers will not review this information as it is not considered to be part of the application documents. Nor will the information on websites be taken into

consideration in scoring of evaluation criteria presented in this section. Reviewers will evaluate and score an application based on the documents that are presented in the application and **will not** refer to, or access, external links during the objective review.

Applications competing for financial assistance will be reviewed and evaluated using the criteria described in this section. The corresponding point values indicate the relative importance placed on each review criterion. Points will be allocated based on the extent to which the application proposal addresses each of the criteria listed. Applicants should address these criteria in their application materials, particularly in the project description and budget justification, as they are the basis upon which competing applications will be judged during the objective review. The required elements of the project description and budget justification may be found in *Section IV.2* of this announcement.

<b>Objectives and Need for Assistance</b>	<b>Maximum Points: 15</b>
---	---------------------------

In reviewing the objectives and need for assistance, reviewers will consider the extent to which:

1. The application demonstrates an understanding of the goals and objectives of the relevant legislation and this FOA.
2. The proposed project will contribute to achieving the goals and objectives in this FOA.
3. The applicant presents a clear description of the proposed project, including a clear statement of the goals (i.e., the intended end products of a successful project) and objectives (i.e., measurable steps for reaching these goals) of the proposed project.

<b>Approach</b>	<b>Maximum Points: 40</b>
-----------------	---------------------------

In reviewing the approach, reviewers will consider the extent to which:

1. The applicant provides a reasonable timeline for implementing the proposed project, including major milestones and target dates.
2. The applicant describes the factors that could speed or hinder project implementation, including challenges that may impede child maltreatment reporting and resource sharing on a national level, and explains how these factors would be managed.
3. The applicant outlines the way in which the proposed project is likely to enhance child welfare agencies' capacity to prevent, detect, and report child maltreatment.
4. The applicant clearly articulates their understanding of child abuse reporting laws and the way in which they apply to this project.
5. The design of the proposed project reflects up-to-date knowledge from the research literature on known evidence-based, evidence-informed, and/or best practices to communicate with youth who are or may be victims of child maltreatment via their preferred mode of communication of chat and text.
6. The applicant demonstrates a technical understanding of using text and chat-based technology in a hotline environment.
7. The project would contribute to increased knowledge or understanding of the problems and issues addressed by this FOA.
8. The applicant has feasible plan to develop products and provide information on strategies used and the outcomes achieved that would support evidence-based and/or evidence-informed improvements in the field.

9. The applicant describes a plan for developing topical briefs that focus on appropriate communication, and identify verification, privacy protection, resource sharing, and any other challenges that may impact the ability to utilize chat and text-based functions when reporting or seeking resources regarding child maltreatment.
10. The applicant explicitly details how the project's products would be useful to the identified audiences and the mechanisms and forums that would be used to convey the information.
11. The applicant specifies how they will establish an advisory committee comprised of key stakeholders (e.g., hotline operators, child welfare agencies, mandated reporters, and youth) throughout the project.
12. The applicant describes a plan that explains how the key stakeholders will advise the creation and effectiveness of protocols and other products.
13. The applicant's proposed dissemination plan is appropriate in scope and budget.

#### Evaluation

Maximum Points:15

In reviewing the evaluation plan, reviewers will consider the extent to which:

1. The evaluation plan addresses the primary research question, which is what is evidence-based, evidence-informed, and/or best practice relative to the use of text and chat-based technology in a child abuse hotline environment.
2. The applicant proposes a clear plan for evaluating the project.
3. The plan assesses how the advisory council was involved in achieving the goals of the project.
4. The plan assesses the successful dissemination of products to relevant stakeholders.
5. The plan assesses coordination with other hotlines administered by ACF.
6. The methods of evaluation are feasible, comprehensive, and appropriate to the goals, objectives, and context of the project.

#### Organizational Capacity

Maximum Points:25

In reviewing the organizational capacity, reviewers will consider the extent to which:

1. The applicant's organization and any partnering organizations collectively demonstrate adequate experience with administration, development, implementation, management, and evaluation of similar projects (e.g., national hotline) that would enable them to implement the proposed project successfully.
2. The proposed project director and key project staff demonstrate sufficient knowledge and experience in child welfare, foster care, and prevention to successfully institute the project.
3. The proposed project director and key project staff demonstrate sufficient capabilities (e.g., resume) to successfully manage a project of this size, scope, and complexity.
4. The role, responsibilities, and time commitments of each proposed project staff position, including consultants, subcontractors, and/or partners, is clearly defined (e.g., job description) and appropriate to the successful implementation of the proposed project.
5. The plan clearly defines the role and responsibilities of the lead organization.
6. The plan clearly describes the effective management and coordination of activities

carried out by any partners, subcontractors, and consultants (if applicable).

7. There is a sound management plan for achieving the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks and ensuring quality.

#### Budget and Budget Justification

Maximum Points:5

In reviewing the budget and budget justification, reviewers will consider the extent to which:

1. There is a line item budget and budget justification narrative for the fully funded project.
2. The costs of the proposed project are reasonable and programmatically justified, in view of the activities to be conducted and expected results and benefits.
3. The applicant provides a budget that includes the costs associated with travel to attend the orientation meeting within 30 days of the date of award.
4. There is a sufficient percentage of the budget that is allocated to the evaluation and adequate rationale supporting the percentage allocation.
5. There is evidence that the applicant's fiscal controls and accounting procedures would ensure prudent use, proper and timely disbursement, and accurate accounting of funds received under this FOA.

## V.2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application. No grant award will be made to an applicant or sub-recipient that does not have a DUNS number (<http://fedgov.dnb.com/webform>) and an active registration at SAM ([www.sam.gov](http://www.sam.gov)). See *Section IV.3. Unique Entity Identifier and System for Award Management (SAM)*.

### Initial ACF Screening

Each application will be screened to determine whether it meets any of the disqualification factors described in *Section III.3. Other, Application Disqualification Factors*.

Disqualified applications are considered to be “non-responsive” and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this FOA.

### Objective Review and Results

Applications competing for financial assistance will be reviewed and evaluated by objective review panels using only the criteria described in *Section V.1. Criteria* of this announcement. Each panel is composed of experts with knowledge and experience in the area under review. Generally, review panels include three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection

of projects for funding; however, objective review scores and rankings are not binding. Scores and rankings are only one element used in the award decision-making process.

ACF may elect not to fund applicants with management or financial problems that would indicate an inability to successfully complete the proposed project. Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested. ACF reserves the right to consider preferences to fund organizations serving emerging, unserved, or under-served populations, including those populations located in pockets of poverty. ACF will also consider the geographic distribution of federal funds in its award decisions.

ACF may elect not to fund applicants and/or partnering organizations that have previously demonstrated an inability to adhere to reporting requirements in *Section VI.3 Reporting*.

### **Federal Awarding Agency Review of Risk Posed by Applicants**

As required by 2 CFR Part 200, the Uniform Guidance, effective January 1, 2016, ACF is required to review and consider any information about the applicant that is in the Federal Awardee Performance and Integrity Information System (FAPIIS), [www.fapiis.gov/](http://www.fapiis.gov/), before making any award in excess of the simplified acquisition threshold (currently \$150,000) over the period of performance. An applicant may review and comment on any information about itself that a federal awarding agency has previously entered into FAPIIS. ACF will consider any comments by the applicant, in addition to other information in FAPIIS, in making a judgment about the applicant's integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in 2 CFR § 200.205 Federal Awarding Agency Review of Risk Posed by Applicants ([http://www.ecfr.gov/cgi-bin/text-idx?node=se2.1.200\\_1205&rgn=div8](http://www.ecfr.gov/cgi-bin/text-idx?node=se2.1.200_1205&rgn=div8)).

Please refer to *Section IV.2.* of this announcement for information on non-federal reviewers in the review process.

### **Approved but Unfunded Applications**

Applications recommended for approval in the objective review process, but were not selected for award, may receive funding if additional funds become available or may compete for funding during the next review cycle (if one occurs in the next fiscal year). Applications designated as “approved but unfunded” typically cannot be kept in an active status for more than 12 months. For those applications determined as “approved but unfunded,” notice will be given of the determination by email.

## **V.3. Anticipated Announcement and Federal Award Dates**

Announcement of awards and the disposition of applications will be provided to applicants at a later date. ACF staff cannot respond to requests for information regarding funding decisions prior to the official applicant notification.

## **VI. Federal Award Administration Information**

## **VI.1. Federal Award Notices**

Successful applicants will be notified through the issuance of a Notice of Award (NoA) that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-federal share to be provided (if applicable), and the total project period for which support is contemplated. The NoA will be signed by the Grants Officer and transmitted via postal mail, email, or by GrantSolutions.gov or the Head Start Enterprise System (HSES), whichever is relevant. Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter signed by the cognizant Program Office head. Any other correspondence that announces to a Principal Investigator, or a Project Director, that an application was selected is not an authorization to begin performance.

Project costs that are incurred prior to the receipt of the NoA are at the recipient's risk and may be reimbursed only to the extent that they are considered allowable as approved pre-award costs. Information on allowable pre-award costs and the time period under which they may be incurred is available in *Section IV.6. Funding Restrictions*.

Grantees may translate the Federal award and other documents into another language. In the event of inconsistency between any terms and conditions of the Federal award and any translation into another language, the English language meaning will control. Where a significant portion of the grantee's employees who are working on the Federal award are not fluent in English, the grantee must provide the Federal award in English and in the language(s) with which employees are more familiar.

## **VI.2. Administrative and National Policy Requirements**

Awards issued under this announcement are subject to 45 CFR Part 75 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards. The Code of Federal Regulations (CFR) is available at [www.ecfr.gov](http://www.ecfr.gov). Unless otherwise noted in this section, administrative and national policy requirements that are applicable to discretionary grants are available at: [www.acf.hhs.gov/administrative-and-national-policy-requirements](http://www.acf.hhs.gov/administrative-and-national-policy-requirements).

### **HHS Grants Policy Statement**

The HHS Grants Policy Statement (HHS GPS) is the Department of Health and Human Services' single policy guide for discretionary grants and cooperative agreements. ACF grant awards are subject to the requirements of the HHS GPS, which covers basic grants processes, standard terms and conditions, and points of contact, as well as important agency-specific requirements. The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary that are specified in the Notice of Award (NOA). The HHS GPS is available at <https://www.acf.hhs.gov/discretionary-post-award-requirements#chapter-1>.

An application funded with the release of federal funds through a grant award does not

constitute, or imply, compliance with federal regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable federal regulations.

### **VI.3. Reporting**

Performance Progress      Semi-Annually  
Reports:

Recipients under this FOA will be required to submit performance progress and financial reports periodically throughout the project period. Information on reporting requirements is available on the ACF website at [www.acf.hhs.gov/discretionary-post-award-requirements#chapter-2](http://www.acf.hhs.gov/discretionary-post-award-requirements#chapter-2).

For planning purposes, the frequency of required reporting for awards made under this announcement are as follows:
