**ABSTRACT:**

*Organization Description:* The Children’s Mercy Hospital in Kansas City, Missouri has implemented the Team for Infants Endangered by Substance Abuse program, or TIES program. The program is a comprehensive, multi-agency program providing intensive, home-based services to pregnant and postpartum women and their families affected by substance abuse and/or HIV. The program services include crisis intervention, support for substance abuse treatment, supportive counseling, child development and parenting education, and connection to other community resources.

*Use(s) of ACF Program Grant Funds:* The Children’s Mercy Team for Infants Endangered by Substance Abuse program will continue to be enhanced. Community collaboration efforts in providing services to families affected by substance abuse and/or HIV will be further developed, an individualized, comprehensive, culturally appropriate plans with each family to address family needs will be implemented, and the program will continue to promote permanency for each child of enrolled families.
