Use(s) of ACF Program Grant Funds: The Arizona Children's Association will collaborate with other adoption providers, public and non-profit health care providers, and stakeholders including women who have experienced unplanned pregnancies to implement a statewide training in Arizona. The training will replicate the model in Nevada that helps achieve the legislative goals of Title XII: Adoption Awareness of the Children's Act of 2000.

The Association will conduct eighty training sessions in Arizona reaching at least 1,200 designated health care providers and adapt and distribute the computer-based training for Nevada. Additionally, Arizona Children's Association will develop at least one other curriculum design to meet the needs of another educational setting such as the School of Nursing. Lastly, the
